After extended proceedings, the hearing examiner made his initial decision including findings of fact, conclusions and order to cease and desist, from which counsel for the parties filed cross-appeals. The Commission, denying in part and granting in part the appeal of each party, directed modification of the order in the initial decision and on December 26, 1957, adopted the order as modified as the decision of the Commission.

The order, as modified by the Commission, including order requiring report of compliance therewith, is as follows:

It is further ordered, That in such divestment no property above mentioned to be divested shall be sold or transferred, directly or indirectly, to anyone who at the time of the divestiture is a stockholder, officer, director, employee, or agent of, or otherwise directly or indirectly connected with or under the control or influence of, respondent or any of respondent's subsidiaries or affiliated companies.

It is further ordered, That pending the divestiture herein ordered, respondent, Crown Zellerbach Corporation, a corporation, its officers, agents, representatives and employees shall refrain from:

Sokla Gasoline Company (Operator), et al. (Respondent), on December 16, 1957, tendered for filing a proposed change in its presently effective rate schedule for sales of natural gas subject to the jurisdiction of the Commission. SOKLA GASOLINE CO.

ORDER FOR HEARING AND SUSPENDING
PROPOSED CHANGE IN RATES

JANUARY 14, 1958.

Sokla Gasoline Company (Respondent), on December 16, 1957, tendered for filing a proposed change in its presently effective rate schedule for sales of natural gas subject to the jurisdiction of the Commission. SKELLY OIL CO.

ORDER FOR HEARING AND SUSPENDING
PROPOSED CHANGE IN RATES

JANUARY 14, 1958.

Skelly Oil Company (Respondent) on December 16, 1957, tendered for filing a proposed change in its presently effective rate schedule for sales of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of change, undated.
Purchaser: Lone Star Gas Company.

Rate schedule designation: Supplement No. 1 to Skelly Oil Company's FPC Gas Rate Schedule No. 54.

Effective date: January 16, 1958 (effective date is the first day after expiration of the required thirty days' notice).

In support of the proposed favored-nations rate increase, Respondent states that failure to approve the increase would be unjustly discriminatory and would impair the obligations of the contract. Respondent also states the increase is necessary to compensate for increased costs, and that it is the same rate which will be currently applicable to intrastate gas sales to Oklahoma Natural Gas Company.

The increased rate and charge so proposed has not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that said supplement to Respondent's rate schedule, described and designated in the first paragraph hereof, be suspended and the use thereof deferred as hereinafter ordered.

SKELLY OIL CO. ET AL.

ORDER FOR HEARING AND SUSPENDING
PROPOSED CHANGE IN RATES

JANUARY 14, 1958.

Skelly Oil Company (Operator), et al. (Respondent), on December 16, 1957, tendered for filing a proposed change in its presently effective rate schedule for sales of natural gas subject to the jurisdiction of the Commission. The pro-

posed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of change, undated.
Purchaser: El Paso Natural Gas Company.
Rate schedule designation: Supplement No. 12 to Skelly Oil Company (Operator), et al.'s FPC Gas Rate Schedule No. 78.

Effective date: January 16, 1958 (effective date is the first day after expiration of the required thirty days' notice).

In support of the proposed favored-nations rate increase, Respondent states that the pricing provisions of the contract collectively represent the negotiated contract price; that the contract was arrived at by arm's-length bargaining, and the proposed price is not greater than the area market value. Respondent submits a copy of a letter from El Paso stating that the contracts under which it purchases gas in the Permian Basin provide for an increase of one cent per Mcf commencing January 1, 1958.

The increased rate and charge so proposed has not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that said supplement to Respondent's rate schedule, described and designated in the first paragraph hereof, be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rate and charge contained in said supplement to Respondent's rate schedule.

(Respondent), on December 16, 1957, tendered for filing a proposed change in his presently effective rate schedule for sales of natural gas subject to the jurisdiction of the Commission. Effective date: January 16, 1958 (effective date is the first day after expiration of the required thirty days' notice).

In support of the proposed periodic rate increase, Respondent states that the price escalation provision was an important part of the contract, and the increased rate is necessary to offset rising costs.

The increased rate and charge so proposed has not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that said supplement to Respondent's rate schedule, described and designated in the first paragraph hereof, be suspended and the use thereof deferred as hereinafter ordered.

[Docket No. G-13107]

EL PASO NATURAL GAS CO.

NOTICE OF APPLICATION AND DATE OF
HEARING

JANUARY 15, 1958.

Take notice that on August 21, 1957, El Paso Natural Gas Company (Applicant), filed an application for a certificate of public convenience and necessity authorizing the construction and operation of approximately 10.2 miles of 6½ inch O. D. pipeline looping Applicant's existing 4½ inch Mesa Line which extends easterly from El Paso's twin 10¼ inch Guadalupe lines to the City of Mesa No. 2 Meter Station, all in Maricopa County, Arizona, all as more fully described in its application which is on file with the Commission and open to public inspection.

The City of Mesa which retails the gas is now served by two meter stations; No. 1, to the north, connected with a 2¾ inch pipeline and No. 2, to the south, connected with a 4½ inch pipeline inadequate for the increasing volumes of gas which Applicant estimates it will sell in the next few years to the City of Mesa. The loop is proposed to enable Applicant to deliver the estimated future demands of Mesa.

The projected estimates supplied with the subject application are only for Mesa Station No. 2, which will be used for roughly 92 percent of the gas requirement of Mesa. The following estimates of annual and peak day requirements for the first three full years of operation were made by consulting engineers for the City of Mesa.

| | 1st year | 2d year | 3d year |
|---------------------|----------|---------|---------|
| Annual (Mc) | 632,232 | 666,309 | 699,683 |
| Peak day (Mc) | 5,456 | 5,750 | 6,038 |

El Paso will defray the estimated cost of \$218,000 for the above facilities from current working funds. The City of Mesa will expend \$150,000 from the city budget for its facilities in the vicinity of Mesa Station No. 2.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on Febru-

ary 19, 1958 at 9:30 a. m., e. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however*, That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before February 7, 1958. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

PROPOSED CHANGE IN RATES

JANUARY 15, 1958.

Magnolia Petroleum Company (Operator) et al., (Magnolia), on December 16, 1957, tendered for filing a proposed change in its presently effective rate schedule¹ for sales of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

¹Present rate previously suspended and is in effect subject to refund in Docket No. G-12338.

Description: Notice of change, undated.
 Purchaser: Phillips Petroleum Company.
 Rate schedule designation: Supplement No. 11 to Magnolia's FPC Gas Rate Schedule No. 67.

Effective date: February 15, 1958 (effective date is the effective date proposed by Magnolia, or, the date the "triggering" rate increase of Phillips Petroleum Company, suspended in Docket No. G-13069, is made effective, if later).

In support of the proposed revenue-sharing rate increase, Magnolia states the contract resulted from good faith arm's-length bargaining; that the sale is an installment sale, and such a long term (life of underlying leases) would not have been contracted for if Magnolia had not been contractually assured that the increases would be allowed; that any lesser rate would be below the value of the gas, and failure to approve the increase would be confiscatory.

The increased rate and charge so proposed has not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that Supplement No. 11 to Magnolia's FPC Gas Rate Schedule No. 67 be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rate and charge contained in Supplement No. 11 to Magnolia's FPC Gas Rate Schedule No. 67.

(B) Pending such hearing and decision thereon, said supplement be and it is hereby suspended and the use thereof deferred until February 16, 1958, or, if later, until such date as the rate increase of Phillips Petroleum Company, suspended in Docket No. G-13069, is made effective subject to refund, and until such further time as they are made effective in the manner prescribed by the Natural Gas Act.

(C) Neither the supplement hereby suspended, nor the rate schedule sought to be altered thereby, shall be changed until this proceeding has been disposed of or until the period of suspension has expired, unless otherwise ordered by the Commission.

(D) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

By the Commission.

[SEAL] JOSEPH H. GUTRIDE,
 Secretary.
